

## OPI Test Results

1. After you have completed your telephone interview, the tester will make an evaluation of your exam then send the tape to a second evaluator.
2. It may take 4-5 days for results to come in (not counting the weekend). Sometimes results come in quicker; sometimes they take longer. Please be patient.
3. You should keep the initial e-mail confirmation from LTI as it tells you the date and time of your interview AND has a link and log in that allows you to retrieve your results from the LTI/ACTFL website.
4. Dr. Partyka will also have access to your results; however, they **will not** e-mail those results to you unless you request them.
5. Please stop back by Gordy Hall 283 after receiving your results so we can notify the department chair who will then notify the College for it to appear on your DARS.
6. If you want the certificate, you should be able to download that from the site where you access your results. You can also select a mail option when you sign up for the test.
7. For any further questions regarding results, please feel free to contact Dr. Partyka (partyka@ohio.edu).
