Due to the current COVID-19 situation, requiring remote classes and work for students and faculty, the Department of Modern Languages (DML) has worked with OIT to make the Language Placement Test (French/German/Spanish) available through Proctortrack. If you need to take the Language Placement Test to register for classes for Summer Semester 2020 or Fall Semester 2020-21, please read the following information carefully:

- Email Justin Kendrick, DML Administrative Specialist, justin.kendrick@ohio.edu.
  - Your email **MUST** be sent from your OHIO email.
  - Make the subject line on the email: Language Placement Test request.
  - State you would like to register for the Online Language Placement Test.
  - Include your PID.
  - State which language you would like to take.
  - Include how much experience in the language you have had (how many years in middle school, how many years in high school, how many years at another college, travel abroad including where and how long).
- Policies for taking the Language Placement Test have not changed.
  - You can only take the placement test one time.
  - If you have completed a course, or are currently enrolled in a course, you cannot take the placement test.
  - If you wish to register for FR/GER/ITAL/RUS/SPAN 1110, you do not have to take the placement test. If you start in 1110, you cannot subsequently take the placement test in order to move up in the series.
- Testing Requirements:
  - The test **MUST** be taken on a laptop or desktop computer (tablets, Chromebooks, and phones will not work).
  - You must have a working webcam.
  - You must use either Firefox (preferred) or Chrome.
  - You must have your OHIO ID.
  - Allow sufficient time (at least 2-4 days) for test to be taken and results posted.

If you have any questions, please email Justin Kendrick (email above).

Stay safe,

Department of Modern Languages
